driver
available
First hour £50**

About Us

From our community base we work with many people on the margins of city life, who often face problems with poverty, addiction and mental health. Our projects aim to provide practical solutions to help people to move beyond their limitation; to learn, grow and flourish.

Our trading activity is based upon up-cycling disused pallets into alternative products. Please use this brochure to order and purchase items from our enterprise. All funds are re-invested into the project to enable sustainability and development.

What our team members say

- "It gets me out of the house, stopping negative routines, is enjoyable and they are a great bunch"
- "I tell my daughter about it and she is proud that I am not being naughty"
- "It is something to look forward to, stops me doing drugs and where I can use the skills I got at college"
- "It improves my mental health, keeps me busy and focused, stops me going out doing stupid things"
- "Gives you structure, keeps your mind & hands busy, new things to learn & you get something at the end"
